TRIPOD 2.0

Aste in legno di faggio a finitura naturale e snodo centrale realizzato con tubi metallici nei colori Officinanove. TRIPOD è un appendiabiti che può essere disposto sul pavimento, indifferentemente su entrambe le estremità in modo da variarne l'impatto visivo e movimentarne il profilo a seconda del proprio gusto personale e del contesto.

Rods made by beech wood in natural finishing and central joint made by metal pipes, available in the typical range of colours by Officinanove. TRIPOD is a hanger that can be used placing it either on both ends in order to change its visul impact, according to the personal taste and the location were it's placed.
